Capt. Koenig Visits
America Once More
With DeutschlandPuts in at New London Early This
Morning With Valuable Cargo and
Men in Good Condition

ENGLAND EXPECTED TO RENEW PROTEST

New London, Conn., Nov. 1.—(By United Press)—Safe from Atlantic perils after buffeting in rough October gales the German subsea freighter Deutschland docked here early today on her second voyage to America. She started from Bremen 21 days ago and passed Long Island shortly after midnight last night, with her crew of 25 happy and healthy and with her valuable cargo of rare medicines and dyes intact. Health and custom officers were on the job following her arrival and the crew was pronounced O. K. by the quarantine officers shortly after the Deutschland crept into the state pier. The crew was immediately transferred to the North German Lloyd liner Wilhelm which is the "mother ship" of the Deutschland and which was recently labeled by the allied powers as a German wireless station.

During the early forenoon the crew returned to the submarine many of them sleeping. Captain Koenig conferred with the officials of the Eastern Forwarding company in their offices on the pier. Some of the members of the crew were busy working with the rudders and complicated machinery. It was the same crew with the exception of two which landed in Baltimore previously. One of the new adventurers was a lad not more than 15 years old.

Captain Koenig and Captain Hinch talked but little to the few watchers. "The trip was uneventful," said Koenig. "We had some bad weather, in fact extremely bad weather for two days until we were three days from America." Then he said "The October gale abated somewhat. When we started from Bremen we had some trouble and were held up ten days. We were glad to see America again." Koenig papers read "land at Baltimore or any other American port." He said that he landed at New London because he felt that he could more safely escape the allied coast patrol by going northward.

Washington, Nov. 1.—The subsea freighter Deutschland will be treated on its unexpected visit the same as an ordinary state commerce vessel officials indicated today. It is also expected by officials that the British ambassador will renew England's protestations against the admission of the Deutschland on equal standing with other commerce vessels. Officially the Deutschland will be considered as a new case it was said at the state department today. Its former visit in July will not detract one particle from framing new rules. A navy official is making examination.

C. H. S. Looks Forward to Great
Victory Over D. H. S. SaturdayNeutral Professionals Have Been Employed to Officiate
Over Best Game of Season

Two years ago a football team from DuBois High school came to Clearfield to play the first game that had been played between the two schools in a number of years. They were confident of winning from such a poor team as Clearfield, for they had been doing it for about ten years previous to the breaking off of athletic relations between the rival schools. But it was with a different spirit that they returned to DuBois, for Clearfield High trounced them to the tune of 13-0.

Last year a line of autos that made a parade about three quarters of a mile long left Clearfield for DuBois carrying C. H. S. team and rooters. They returned home in a different spirit than DuBois did, the year before, for Clearfield High won again 25-6.

Next Saturday DuBois and Clearfield meet on the gridiron for the third time and the D. H. S. is confident of winning. C. H. S. has no doubt as to the outcome of the game.

Consul Frost in Court
Getting DepositionsAll Survivors Agree that Marina was
Sunk Without Warning

London, Nov. 1.—(By United Press)—United States Consul Frost is in court today getting depositions from the 15 American survivors of the steamer Marina which is reported to be torpedoed without warning. The testimony in the case will be forwarded to Washington as soon as the fate of the other 5 Americans whom it is believed are lost is definitely known. Joint affidavits of 28 Americans landed at Berhaven and 14 Americans landed at Crockerhaven has been taken by the United States ambassador at Queenstown. All the affidavits are similar with the exception of minor details. The survivors are unanimous in agreeing that the vessel was torpedoed without warning early Saturday and sank within 20 minutes.

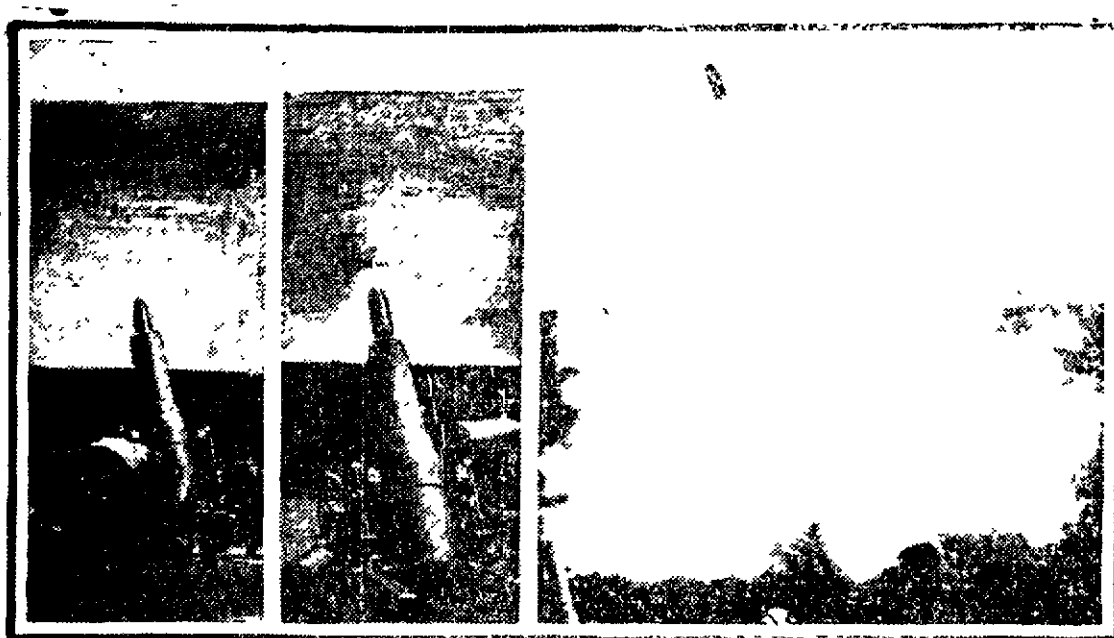

Binghamton, N. Y., (Aboard the President's Special Train)—President Wilson is being informed of every step and detail in the Marina case from Washington today. Every dispatch from the state department, Consul Frost and other officials are immediately forwarded post haste to him. Administration officials are disposed to give Germany all time for full investigation. The state department is also awaiting the full report of the submarine commander. In former cases of this kind it was several days before the commander rendered a report. While the president is believed to harbor possibilities those close to him feel confident that he will await careful investigation pending the receipt of possible details.

GRETCHEN HILLS AND
MARGARET ROW ENTERTAIN

Misses Gretchen Hills and Margaret Row entertained fifty friends last evening at a masquerade party at the J. S. Hills residence on Second street. The boys and girls were dressed in a variety of costumes representing clowns, ghosts, dutch girls, old fashioned girls and many grotesque and original gowns were in evidence. Dancing and games took up the greater part of the evening which was thoroughly enjoyed by all. A Halloween lunch was served.

How A Shot Rises From A 12-Inch Mortar.

This is a remarkable piece of photography actually showing a twelveinch shell leaving a mortar at Fortress Monroe. The first picture shows the shell about out of the mouth of the mortar. The second shows it clear, and the third has caught it in the air beyond the burst of smoke. The camera was operated with the same electric button which set off the shot.

Pretty Home Wedding
On West Side TodayMcCorkle—Rhinesmith Marriage Sol-
emized at Bride's Home

The home of Daniel Rhinesmith, of Nichols street was the scene of a pretty home wedding today when at eleven thirty this morning, Mary Jane Rhinesmith, the eldest daughter of Mr. and Mrs. Daniel Rhinesmith was united in marriage to George McCorkle, son of Mr. and Mrs. Thomas McCorkle in the presence of a number of relatives and intimate friends.

The ceremony was performed by the Rev. Dr. E. C. Reave of the Presbyterian church in the parlour of the home which was attractively decorated with yellow chrysanthemums and ferns.

The bride was attired in a good looking dark blue suit with a becoming black velvet hat.

Following the ceremony a wedding luncheon was served. The couple received many beautiful gifts of linen cut glass, china and silver. They left on the 1:15 P. M. train for Akron, Ohio, where they have furnished apartments and where the groom is employed.

Mrs. McCorkle is a popular Clearfield girl, living here for a number of years and making many warm friends. Mr. McCorkle has been located in Akron for a few years where he has been making good. Their many friends wish them much success and happiness.

Retailers Say Whole-
salers Raise PricesUnited States Attorney Will Haul
Officers Into Courts

Chicago, Nov. 1.—(By United Press)—Retailers are charging that wholesalers are arbitrarily raising prices using the maximum flour price as the basis of a wholesale price. United States District Attorney Clyne has requested the big Chicago wholesalers to appear at his office and meet the charge against them. So far with few exceptions neither calls nor regrets have been received. Clyne has threatened to subpoena them for reasons of policy but many from absolute conviction, sided with the farmer.

The league stoutly sponsored in its platform, which was adopted in its entirety by a Republican State Central committee at its recent meeting in Des Moines for many charges the worth of which none can deny. The league plans to control the president's speculative interest through the method of a substantial loan to the president and an exemption of all his property from taxation. It also proposes to control the traffic in public lands and the traffic in public lands.

FARM RULE FOR
NORTH DAKOTA
FOR 2 YEARSFarmers' Non-Partisan League
Nominated Practically Every
Candidate at Primaries

IMPROVEMENTS EXEMPT OF TAX

Bismarck, N. D., Oct. 31.—Theoretically the farmer will rule North Dakota for the next two years. It was the Farmers Non Partisan League that nominated practically every successful candidate for office at the primaries. The question with the average North Dakota business man, in spite of the fact that many of them are lined up with the non-partisan league, is whether the farmers form the league or the league forms the farmers. The league, which came into existence less than a year ago, carried the primaries with the majority so overwhelming that there is no question as to the result of the election to be held one week from today.

The league did not enter politics to the extent of offering a ticket. It simply endorsed candidates on the regular tickets, and these candidates without exception, won. A majority of the men who received this endorsement were Republicans but in the final analysis they are and must be non-partisan leaguers, and the league will very nearly, is not completely, control every State office from governor down to the members of the legislature, as well as a majority of the county officers, for the two years following January 1 next.

The Non-Partisan League movement was a popular one in North Dakota where population is very largely rural and always inclined to distrust "big business." The tiller of the soil blamed "big business," for a great many things, and quite a fair percentage of the small town business men and professional men, some for reasons of policy but many from absolute conviction, sided with the farmer.

The league stoutly sponsored in its platform, which was adopted in its entirety by a Republican State Central committee at its recent meeting in Des Moines for many charges the worth of which none can deny. The league plans to control the president's speculative interest through the method of a substantial loan to the president and an exemption of all his property from taxation. It also proposes to control the traffic in public lands and the traffic in public lands.

FIRE PUT OUT

New York Nov. 1.—(By United Press)—Vance McCormick, chairman of the Democratic party committee today said: "We will win for the west is afire with Wilson sentiment." Chairman McCormick of the Republican committee when told of this said: "We have put the fire out."

HALLOWEEN DANCE.

A delightful informal masquerade dance was held last evening in St. Francis School Hall by the high school pupils and their friends. About twenty couples danced to the rhythmic strains of the Gulich orchestra. The costumes were many and varied representing all the goblins which prowl about on Halloween. The hall was beautifully decorated with Autumn leaves, pumpkins, corn stalks and other Halloween decorations.

BARBARA FAST SERIOUSLY
BURNED.

Little Barbara Fast, daughter of Mr. and Mrs. B. M. Fast of Turnpike Ave. accidentally slipped yesterday afternoon and fell over the ceiling stanchion overturning a kettle of boiling water which was heating on a gas stove at the bottom of the steps which burned her severely on the back. It was a very narrow escape from more serious injuries and we are glad to state that she is getting along nicely.

SUPER TOMORROW

Mrs. Boyce and Mrs. Rosset's circle of the Ladies Aid Society will serve the following 25c supper in the Trinity M. E. church tomorrow afternoon from 5 until 7.

Meat Loaf
Baked potatoes Brown Gravy
Cabbage Salad
Bread & Butter Preserves & Jelly
Ice Cream Cake
Coffee

The rabbit season opened today and Clearfield hunters found the little cotton tails quite plenty.

Clearfield badly needs an auto chemical truck in the business district or center of town.

NEW DIMES RECEIVED

The County National Bank today received a consignment of dimes of the new mintage. Of course their purchasing power is no greater than the old coin we have been wont to slip into the dime savings bank but it is beautiful in design and consequently the charm of it may be an incentive to the owner to keep it. One that reached the Progress office is sure to be carefully hoarded away. We are not gifted with the ability to describe the new coin in the language of the artist designer but each one's opinion that its work will meet with general approval.

A feature of the new dime is a program of the history of the designer which appears a little to the lower left of the head of the lady. It will be remembered that the designer of the new dime was a general use was for a time intended to have his initials appear on the coin and it was a very common thing to see a farmer's dime with the initials of the farmer on it. The new dime in the monogram thereon is far to become famous as the little sister the penny.

HUMANE
PULLS DEAD
WILLIAMSUnusual Punishment Suggests
For Man Who Persists
Cruelly to Dumb Brutes

WILL HAVE HEARING TOMORROW

Deacon Williams has again foul of an outraged public and humane Officer T. B. Reilly. At the time Deacon's poor old star horse was put out of his misery Officer Reilly, the Deacon acquired dog. How the poor cur came to be unlucky enough to be possessed by such a master we are not able to state, but for the past two weeks, according to the outraged neighbor Deacon has had him tied to the fence in the back yard, without shelter of any kind and fed him on a batch of two of potato parings in all this time—and even the potato parings were scarce it is said. During the rain of last evening the poor brute suffered severely and howled and carried on at a great rate. The long suffering neighbors notified humane Officer Reilly and after a brief investigation he decided to make an example of Deacon and had a warrant issued for him this morning. He will be given a hearing before Squire Milligan this evening and a request will be made at that time that he sentence Deacon to take the dog's place for the next two weeks, and thus make the punishment fit the crime.

E. W. HESS IN CONFERENCE
WITH DUBOIS CHAMBER
OF COMMERCE YESTERDAY

Some thought has been taken recently to the clay deposits in DuBois and vicinity, it being realized that this was the remaining natural resource that could possibly mean anything in the way of added industries to the city. Some of the clay deposits have been examined and pronounced first class for manufacturing purposes but no direct move has been made by any of the owners of land on which there is a clay deposit to have the land properly surveyed and all data possible procured. The Chamber of Commerce is interested in seeing the clay properly worked and securing data as to the amount of clay to be found here and the quality. Yesterday afternoon between 1 and 1:30 o'clock a meeting was held in the Chamber of Commerce rooms. E. W. Hess, mining engineer of Clearfield and a man who is familiar with the clay mining, was present to confer with any owner of land on which there are clay deposits.

The purpose of the conference was to determine how much data has been secured and to determine the clay value and for what the clay would be best adapted.

Popular Curwensville
Given in MaMiss Kathryn Dyer Weds Alfred W
In the Presence of Few

A wedding of interest to many Clearfield people took place this morning at Curwensville at eleven thirty when Miss Kathryn Hepburn Dyer second daughter of Mr. and Mrs. Frederick John Dyer became the bride of Alfred Way Evans of Chicago. The ceremony was performed in the presence of a few relatives and friends by the Rev. J. Max Lantz, of the Methodist Episcopal church of Curwensville in front of a large bank of ferns, palms and chrysanthemums in the reception room of the beautiful Dyer residence.

The bride was dressed in a beautiful gown of white satin and wore a crown of pearls. She carried a bouquet of white carnations. Miss Kathryn Dyer, sister of the bride, attended her. The groom wore a tuxedo and a white shirt with a bow tie. The wedding was a simple affair and was attended by a few friends and relatives. The bride and groom left for Chicago immediately after the ceremony.

CURWENSVILLE NEWS

The Paul Dale public sale was fairly well attended yesterday afternoon. Nearly everything was disposed of leaving him a revenue of between \$600 and \$700.

Messrs. Russell, Caldwell, Norris, Davidson and Bailey were out to Jefferson county yesterday looking over some coal and timber lands in which were interested.

Curwensville H S football team will play, on the home grounds, Saturday, Nov. 4, a team made up from the apprentice Schive, Wilmington, Delaware.

Councilman Strickland is of the opinion that at borough councils next session, Nov. 6th, a resolution will be introduced and passed for the purchase of some 300 feet of hose, the same being badly needed by the firemen in case of a fire.

The Hon. Charles Rowland, candidate for congress on the Republican ticket, passed through town yesterday. He did not stop to interview any of Curwensville's political scouts, as to how he stood in the estimation of the rank and file of the voters.

The Baptist people made everybody feel at home last evening at their Hallowe'en social. Despite the weather conditions a good crowd was there, and left enough money as a creditable fund for those who worked so hard to please and entertain them.

Lena Rebecca lodge held an interesting session in Odd Fellows' hall Monday evening. After business transactions were finished, a fine luncheon was served to the members and to those who had been invited to participate in the latter demonstration.

The Progress man was given a hint yesterday that the enthusiastic Democrats would, some evening before election time, hold a meeting in the Second ward, and expound Bryan doctrine to all who might want to learn how to run the government successfully.

An oyster shell that lodged in his throat two weeks ago when he was eating raw oysters caused the death of W. H. Carras, a well known resident of Helvetia, at the Adrian hospital yesterday morning. The shell, about the size of a silver dollar lodged in the esophagus, fettered there and to fatal hemorrhages that resulted in his death.

Many night some damage was done around the High School building. Several windows were broken and the rope on the flag pole was a result of a scrimmage between the school classes it is said. The participants are known and will be sent to step to the front and liquidate sufficient funds to put things back proper shape once again.

According to the election proclamation published last week the Second ward voters are supposed to vote at the home of one R. A. Richards. It was the mistake of the printer, but the person or persons who made the copy. Second warders will be in the Second ward public building in Susquehanna avenue, the same they have been doing since since the building was put on the ground for that purpose.

The meeting of the Civic club, which was to have been held last evening, was postponed, for several reasons, the principal one being that it was Hallowe'en and the members and others who wanted to be present, wanted to witness the big parade, and another reason was, that the extreme noise made on the streets by the jollifiers, would have annoyed those who were to speak on the principal questions that were to be brought up.

Important Announcement Made to Smokers

High Quality of San Felipe Cigar Maintained. Now Sell at 5c straight

Owing to the greatly increased cost of quality tobaccos in fact everything pertaining to high grade cigars, the makers of the San Felipe cigar, the Deisel-Wemmer Company have advanced the selling price to the dealers, and henceforth will positively be sold to the consumer at 5c straight instead of six for a quarter as previously. The SAN FELICE is national in its scope and character, having justly attained this eminence through its unequalled standard of quality, the advance in question is absolutely unavoidable. The generous support of all men using quality cigars is an irrefragable assurance of the general approval.

Despite that the elements proved unfavorable there was a parade and a good one for the limited time in which to prepare for it. Just how the human mind could concentrate itself in figuring out some of the costumes worn was remarkable, representing nearly everything from the face of a bull dog to an angel. Spooks seemed to be the predominate figure for the females. An hour before the time to start the parade, the streets were thronged with masqueraders of all ages and colors. When the band arrived the movement started up Main street, and after traversing several squares broke and went in different ways. This was the first Hallowe'en parade ever held in Curwensville, and now since the idea has taken root in the minds of the younger element, one can be expected to take place at least once a year. Had not rain fallen a short time previous to the hour of starting the parade would have been much larger and thrice enthusiastic. It was a good one all right.

EAT LESS MEAT IF BACK HURTS

Take a glass of salts to flush Kidneys if bladder bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates thus ending bladder disorders.

REUNION OF MISSISSIPPI VETERANS

Columbus, Miss., Nov. 1.—The "men who wore the gray," hundreds of them recruited from every section of the State, rounded up in this city today for the annual reunion of the Mississippi division of the United Confederate Veterans. With the old soldiers came their wives, daughters, sons and friends, making the gathering one of the largest ever entertained here. In honor of the visitors the entire city is aglow with flags and bunting. The first of the three days session was held this afternoon with the department commander Gen. Calvin B. Vpacc, presiding. Governor Bilbo, former Senator Frank H. White of Alabama and other notable speakers are on the program. Tomorrow the visitors are to be entertained at a mammoth barbecue and on Friday the reunion will be brought to a close with a parade and pageant.

BOG SHIP MERGER IN EFFECT.

Seattle, Wash., Nov. 1.—More than a score of the largest passenger and freight steamers engaged in the Pacific coastwise trade, having a total value of more than \$12,000,000 come under the flag of the new Pacific Steamship company which began business today. The new company was formed by the merger of the Pacific Coast Steamship Company, owned in New York, and the Pacific Alaska Navigation Company, with headquarters in Tacoma. The new company will be virtually supreme in the Pacific coastwise trade, its service extending from San Diego, Cal. to as far north as Nome Alaska.

STANDARD BASKET LAW

Washington, Nov. 1.—The so called standard basket law enacted by the Congress goes into effect today providing for a uniform standard size for all baskets and containers used for small fruits, berries and vegetables in interstate commerce. The effect of the act will be to require the use of the standards in manufacturing sale or shipment; for all interstate commerce where the containers are filled or unfilled. A large part of the traffic in fruits and vegetables in this country enters interstate commerce. The law relates to the containers and will not effect local regulations in regard to heaped measure or other method of filling.

OBITUARY

Thomas M. McKelvey was born in Perry county, Pa., and lived there until he was 17 years old when he voluntarily joined Co. A, 76th Pa. Vol. Infantry and served his country until the close of the war. He then came to this section where lumbering was at its height and followed the business for a number of years.

He married Joanna Flegal, daughter of the late Samuel and Sarah Flegal of near Morrisdale and settled on a small farm in Bradford township where he followed woods work and trucking. Last June Mrs. McKelvey passed away and the home was broken up and he came to Clearfield to live with his children. He had been in good health until one week ago and was not considered serious until Sunday when he was stricken with pain in his head which brought on unconsciousness and from which he never rallied. Death came at 11:20 Monday night.

The relatives and friends are severely shocked as Mr. McKelvey was a man of strong constitution and very wiry for his age. He was 70 years of age September 23-16.

He had very little book learning in his younger days but acquired a general education and became a fine penman through study and practice in later years. He was a great reader and took much interest in affairs of government.

He is survived by one brother, William McKelvey of Perry county and one sister Mrs. Brown of Walla Walla, Washington. Also the following children of Clearfield: Ralph H., Scott W., Grant M., Mrs. Wallace Kester and Mrs. Jesse Toot.

Funeral will be held from the home of Jesse Toot on West Front street Thursday at 11 o'clock. Interment in Summit Hill cemetery. Friends will leave the house at 1:30 in autos. Rev. J. W. Long, officiating.

IN MEMORY OF LUCY LARIMER

"And what does it matter when this life is passed
And the record is made for evil or good
What does it matter when death's shadow is cast
If someone can say she hath done what she could"

And I can say, as one of her many friends—"She hath done what she could" and when the shadow came she was ready to go at the Master's call. Raised from childhood here she had many warm friends. She was always cheerful and ready to help, generous to the heart's core and hers was the joy of giving. Her coffers here were empty, but they will be filled to overflowing in that beautiful land to which she has gone to rest from the toils and troubles of this life forever and God shall wipe away all tears from her eyes.
A. Friend.

TO OPEN BIDS FOR SCOUT CRUISERS AND SUBMARINES

Washington, Nov. 1.—(By United Press)—The Navy department today will open bids for four scout cruisers and 30 coast defense submarines.

The scout cruisers, to be known for the present as Nos. 4 to 7 inclusive, will be the largest and fastest vessels of their class built for any navy. Their chief characteristics will be: displacement, 7,100 tons; speed, 35 knots; length 550 feet; beam, 58 feet; armament, eight 6-inch guns, 4 torpedo tubes and two 33-inch anti-aircraft guns; complement, 330.

The high powered machinery will be protected by light vertical and horizontal armor. A new feature of these vessels, never incorporated in any ship of a powerful military type, will be their complete equipment for carrying, launching of the largest size hydro-aeroplanes.

Twenty-seven of the coast submarines will be of the usual type. They will be known for the present as Nos. 78 to 104 inclusive. The remaining three, Nos. 105 to 107, will be of a new type, representing a marked increase in size over the usual coast submarine. Each of these three vessels will represent different ideas. It is hoped in their development to arrive at a size of vessel which will be sufficiently large to perform nearly all the duties required of a submarine, but at the same time sufficiently small to be built quickly in large numbers.

Those firms which applied to bid for the scout cruisers are Bath Iron Works, Fore River Shipbuilding Co., New York Shipbuilding Co., Wm. Cramp & Sons Ship & Engine Building Co., Bethlehem Steel Co., Newport News Shipbuilding and Dry Dock Co., Union Iron Works Co. and Seattle Construction & Dry Dock Co. For the submarines the firms which applied to bid are Electric Boat Co., Lake Torpedo Boat Co., New York Shipbuilding Co., Newport News Shipbuilding Co.

Mrs. Joe Baughman of DuBois is the guest of Mrs. Mary Hoove of Daisy street.

They offer you the charm of Virginia's sunshine

The golden tobacco leaf, that ripens 'neath the bright, sunny skies of Virginia is held by experts to be the finest-quality cigarette tobacco on earth.

FAMOUS MIDGET IS 75 YEARS OLD

Middleboro, Mass., Oct. 31.—Countess Magri, better known by her former name of Mrs. General Tom Thumb, today celebrated her seventy-fifth birthday at her home near here. Hundreds of friends and admirers throughout the country remembered the anniversary by sending messages of greeting to the famous midget.

Countess Magri has been in "public life" which is to say show-life, ever since she was a mere child. She married General Tom Thumb a tiny, early age and together they traveled over the world. For many years they were under the management of P. T. Barnum, and were among the best known attractions of that veteran showman.

Gossip for Tonight's Tea Table

Miss Mary Considine and Miss Boyle of DuBois were the guests of Miss Helen Whiteman last evening and attended the dance at St. Francis School Hall.

Miss Lucy Brooks of West sixth Avenue entertained twenty-six of her little school friends at a Halloween party last evening. Their little costumes were grotesque fancy and very original. Music and games took up the time pleasantly for all. After a Halloween lunch the little folks departed for their homes wishing their little hostess another jolly Halloween.

Miss Kathryn Dimeling who is attending the Baldwin School at Bryn Mawr arrived home last evening to attend the funeral of her aunt Mrs. Wharton.

Miss Helena Black left this morning for Ebensburg.

H. C. McCloud attended to business at Philipsburg yesterday.

Mrs. C. C. McGaughey and Miss Beulah McCordle have returned from an auto trip to Pittsburgh.

A. M. Wright left last evening for York to visit his daughter Margaret, who is physical director of the Y. W. C. A. in that city.

Mrs. Edgar Kloss and daughter Major of Cleveland, Ohio, arrived this evening to spend a few days with Mrs. Kloss' sister, Mrs. Albert Wright of Second Street.

Harold Hopwood of Uniontown transacted business in Clearfield yesterday.

W. E. Wallace left last evening for a business trip to Philadelphia.

Mrs. J. B. Nevling returned last evening from a visit with her daughter in Jamacia, L. I.

Ray Winslow of New York City was a Clearfield visitor between trains last evening.

A. M. Liveright left last evening for a business trip to Philadelphia.

Mrs. H. B. Douglas spent yesterday in Philipsburg.

In talking with one of our townsmen about the famous "Pete Brown" Resort on the "Knobs" he said that already 543 guests have registered and judging from the reports of the excellence of the chicken dinners and suppers served there will be about 250 more added to the list.

Mr. and Mrs. J. B. Norris and Mr. and Mrs. John Norris of Curwensville motored to Clearfield yesterday and visited relatives.

David Henderson of Indiana, was calling on customers in Clearfield today.

Mrs. James Knight returned last evening from a visit with relatives in Pittsburgh and Brackenridge.

A. G. Leonardson of DuBois, motored to Clearfield today to attend to business.

Miss Dora Frost was able to be brought home from the hospital yesterday.

Miss Ella Bloom of Curwensville was a Clearfield visitor today.

Mrs. Charles M. Erhart and Miss Josephine Biddle of New Millport were shopping in Clearfield today.

Sam Snyder and daughter Laura of New Millport visited in Clearfield today.

R. W. McClure of Odessa was in town on business today.

Bruce Caldwell of Glen Richey, attended to business in Clearfield today.

R. W. McClure of Odessa was in town on business today.

Bruce Caldwell of Glen Richey attended to business in Clearfield yesterday.

Florence Morgan left for Pittsburgh last evening being called here on account of the illness of his wife.

Mrs. J. K. Murray, of LeContes Mills is shopping and visiting in town.

Joe Beauseigneur of LeContes Mills was transacting business in Clearfield today.

OUCH! BACKACHE! RUB LUMFAGO OR PAIN FROM BACK

Rub Stiffness Away With Small
Trial bottle of old, penetrating
St. Jacob's Oil.

Ah! Pain is gone.

Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a bottle rubbing with "St. Jacob's Oil".

Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacob's Oil" is a harmless backache, lumbago and sciatica cure which never disappoints and doesn't burn the skin.

Straighten up! Quit complaining! Stop those torturous stitches. In a moment you will forget that you ever had a weak back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" from your druggist now and get this lasting relief.

"FAIR AND WARMER"

Every Hopwood master of farce, ran his own record up with "Fair and Warmer," the bubbling, hilarious farce which Selwyn & Company will present at the Opera House on Friday evening.

Mr Hopwood's admirers, dating from "Seven Days" and "Nobody's Widow," two great successes of former seasons, found in his latest work the same sparkle of line and cleverness of characterization which had graced the others, with an added ludicrousness of situation. The scene built around the inept making of a cocktail puts its audiences practically into hysterics.

The long New York run of the piece, with its thousands of out-of-town visitors, spread the fame of "Fair and Warmer" all over the country and created a vigorous demand for it. This most uproarious of farces had its welcome waiting for it in every city, town and village of the whole country, before it ever left New York.

WANTED!
90,000 TRAINED MEN.

Them manufacturers of this country are daily making inquiries for men who are competent to fulfill the duties of the office of Traffic Manager. It is not a new profession but the keenness of present day competition among industrial producers is so great that every possible saving must be made.

Traffic Management
This is a new course of instruction that has just been prepared for the I. C. S. by the country's most foremost experts on the subject.

If you are not earning enough to meet your needs; if your present position is not congenial; if you have ambition to advance yourself let me explain, in detail the advantages of this new vocation to our list of "Wage Raisers."

K. OF C. EUCHRE

The Knights of Columbus gave a very delightful informal euchre last evening at their rooms. Ten tables were utilized in the game and the evening was one of those social affairs where everyone has a good time and are glad that they were there. The prizes were won by Mr. and Mrs. Richard Sheehy. An excellent lunch was served.

How to Select Your Corset

DECIDE first that your figure is individual—that you need a corset *designed for you*. Then look at the 9 Ideal Figure Types and choose yours.

Next, come to us and let us show you the many Gossards we have in stock in your size, designed for *your ideal figure type*.

Then your selection is reduced to the amount you want to pay, from \$25.00 down to \$2.50.

This is the
Thirty-first Announcement and
Proclamation of Gossard Corset
Styles for Fall and Winter, 1916-17

In addition to comfort, wearing service and great value, you obtain authentic style in Gossards. Gossards wear longer because of their materials. They are in style longer because of the advanced style information of their designers, which is reflected in the corsets.

Selecting your Gossard here insures intelligent service. Be fitted today. A model for every figure at a price any woman can well afford. An expert corrects, will be pleased to fit you without obligation.

A. W. Leonardson Co.

GOSSARD CORSET

ELECTION DAY IN CUBA

Havana, Nov. 1.—The results of the general election in Cuba today promise to be most interesting, and while the present Conservative Government is expected to be sustained it is more than probable that a good many surprises are in store. The Conservative party has the advantage that comes of being in power, while the Liberal opposition has waged the campaign under the disadvantage of split ranks and the further serious handicap of being without funds.

A multitude of public officials are to be chosen, ranging from president and vice president of the republic down to minor local officers. Ten parties have their candidates on the ballot, which is 36 inches long and 32 inches wide. Generals Menocal and Nunez are standing for re-election as president and vice president, respectively, on the Conservative ticket, with the endorsement of several of the minor parties. The candidates opposed to them are Dr. Alfredo Zaays for president and Colonel Carlos Mendieta for vice president, nominated jointly by the Liberals and Conjunction Patriótica. At the present time partly as a result of the European war and in part as a result of the measures fostered by the administration, Cuba is in the enjoyment of an era of almost unprecedented prosperity. As a consequence it is regarded as a practical certainty that President Menocal and the majority of the candidates on the Conservative ticket will be re-elected by substantial majorities.

WILLASK REVISION OF STATE DRUG LAWS

Philadelphia, Oct. 30.—When the next legislature assembles at Harrisburg one of the most important questions to be brought before them for remedy will be the narcotic drug acts. More stringent laws will be asked following a general investigation in this and other large Pennsylvania cities which revealed wholesale violations and a startling increase in the number of victims.

The United Press learned today that, among other acts, the Legislature will be asked to pass bills covering these details:

Five years prison sentence and \$2,000 fine, or both, for persons convicted for illicit sales of narcotic drugs.

Immediate construction of the Pennsylvania Institute for Inmates of the State for which has already been selected. That this institution have provision for care and treatment of

ON THE SCREEN

FROM PRAIRIES TO BROADWAY

Seven men hurriedly assembled in a western hamlet in the wildest section of the cattle country. One of these men were bound for New York to prove up on his claim for a fortune, while the other six were carrying their saddles and complete cattle outfit into the wilds of New York society.

This is the basis for the dominant comedy element which will make it so attractive to film fans when the Bluebird Photoplay is presented at the Opera House on Saturday evening with Harry D. Carey and Olive Fuller Golden leading a company of typical western characters. The woman comes into the case after the cut-throat settle down in New York. She is one of the operatives of the plot to disgust the newly-rich cowboy with New York life and send him back to the prairies. In the event of this accomplishment the villain of the piece will come into money.

William Quinn plays the role of the man who would win the fortune from his cousin and his pose as the villain is by no means along conventional lines. He is a new type of plotter and this character is another one of the original ideas involved in "Love's Lariat." The fact that there enters an engaging love story, after the comedy section of the feature has been disposed of, will appeal to that large following of film fans who like happy endings to their plays; and before the story is ended there will be sensations enough to gratify the most exacting stickler of excitement.

"Love's Lariat" is one of the few screen dramas that appeals to every human emotion, logically and without forced situations. The feature is another piece of evidence submitted by the Bluebird Photoplays in proof that the play itself is that which is most desired by the followers of films.

7,000 NEBRASKA MINERS GO ON A STRIKE

Omaha, Nov. 1.—(By United Press)—Seven thousand coal miners went out general strike this morning following failure of employers to agree to a new wage scale proposed for employees. Everything was very quiet although union officials feared violence. 17 independent companies signed the schedule and continue running.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—
Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists

CLEARFIELD, PENNSYLVANIA, WEDNESDAY, NOVEMBER 31, 1916

Capt. Koenig Visits
America Once More
With DeutschlandPuts in at New London Early This
Morning With Valuable Cargo and
Men in Good Condition

ENGLAND EXPECTED TO RENEW PROTEST

New London, Conn., Nov. 1.—(By United Press)—Safe from Atlantic perils after buffeting in rough October gales the German subsea freighter Deutschland docked here early today on her second voyage to America. She started from Bremen 21 days ago and passed Long Island shortly after midnight last night, with her crew of 25 happy and healthy and with her valuable cargo of rare medicines and dyes intact. Health and custom officers were on the job following her arrival and the crew was pronounced O. K. by the quarantine officers shortly after the Deutschland crept into the state pier. The crew was immediately transferred to the North German Lloyd liner Wilhelm which is the "mother ship" of the Deutschland and which was recently labeled by the allied powers as a German wireless station.

During the early forenoon the crew returned to the submarine many of them sleeping. Captain Koenig conferred with the officials of the Eastern Forwarding company in their offices on the pier. Some of the members of the crew were busy working with the rudders and complicated machinery. It was the same crew with the exception of two which landed in Baltimore previously. One of the new adventurers was a lad not more than 15 years old.

Captain Koenig and Captain Hinch talked but little to the few watchers. "The trip was uneventful," said Koenig. "We had some bad weather, in fact extremely bad weather for two days until we were three days from America." Then he said "The October gale abated somewhat. When we started from Bremen we had some trouble and were held up ten days. We were glad to see America again." Koenig papers read "land at Baltimore or any other American port." He said that he landed at New London because he felt that he could more safely escape the allied coast patrol by going northward.

Washington, Nov. 1.—The subsea freighter Deutschland will be treated on its unexpected visit the same as an ordinary state commerce vessel officials indicated today. It is also expected by officials that the British ambassador will renew England's protestations against the admission of the Deutschland on equal standing with other commerce vessels. Officially the Deutschland will be considered as a new case it was said at the state department today. Its former visit in July will not detract one particle from framing new rules. A navy official is making examination.

C. H. S. Looks Forward to Great
Victory Over D. H. S. SaturdayNeutral Professionals Have Been Employed to Officiate
Over Best Game of Season

Two years ago a football team from DuBois High school came to Clearfield to play the first game that had been played between the two schools in a number of years. They were confident of winning from such a poor team as Clearfield, for they had been doing it for about ten years previous to the breaking off of athletic relations between the rival schools. But it was with a different spirit that they returned to DuBois, for Clearfield High trounced them to the tune of 13-0.

Last year a line of autos that made a parade about three quarters of a mile long left Clearfield for DuBois carrying C. H. S. team and rooters. They returned home in a different spirit than DuBois did, the year before, for Clearfield High won again 25-6.

Next Saturday DuBois and Clearfield meet on the gridiron for the third time and the D. H. S. is confident of winning. C. H. S. has no doubt as to the outcome of the game.

Consul Frost in Court
Getting DepositionsAll Survivors Agree that Marina was
Sunk Without Warning

London, Nov. 1.—(By United Press)—United States Consul Frost is in court today getting depositions from the 15 American survivors of the steamer Marina which is reported to be torpedoed without warning. The testimony in the case will be forwarded to Washington as soon as the fate of the other 5 Americans whom it is believed are lost is definitely known. Joint affidavits of 28 Americans landed at Berhaven and 14 Americans landed at Crockerhaven has been taken by the United States ambassador at Queenstown. All the affidavits are similar with the exception of minor details. The survivors are unanimous in agreeing that the vessel was torpedoed without warning early Saturday and sank within 20 minutes.

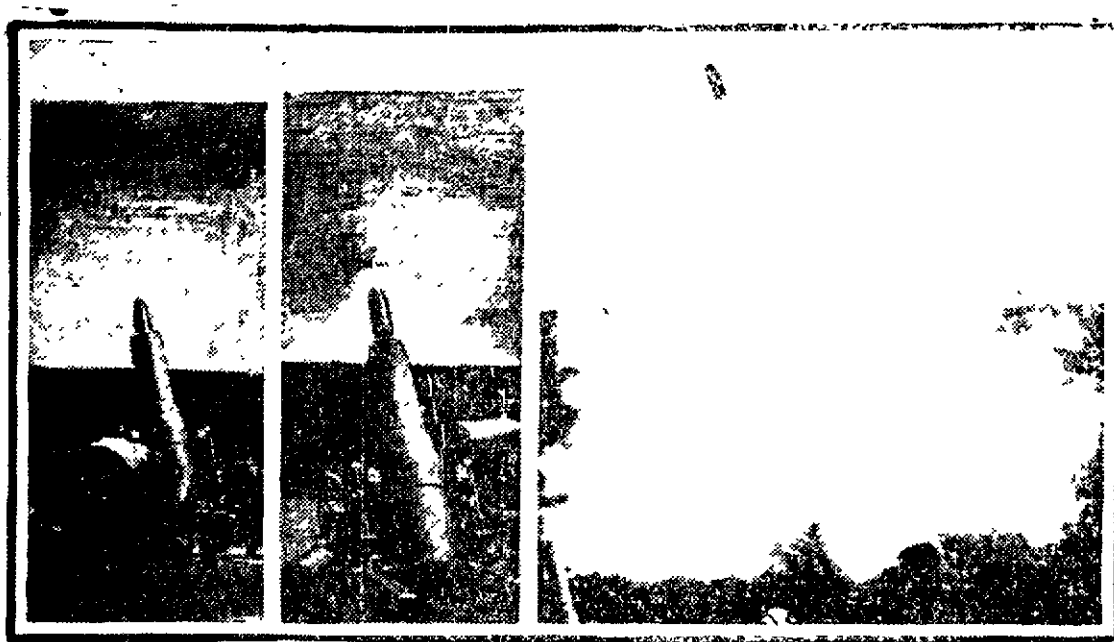

Binghamton, N. Y., (Aboard the President's Special Train)—President Wilson is being informed of every step and detail in the Marina case from Washington today. Every dispatch from the state department, Consul Frost and other officials are immediately forwarded post haste to him. Administration officials are disposed to give Germany all time for full investigation. The state department is also awaiting the full report of the submarine commander. In former cases of this kind it was several days before the commander rendered a report. While the president is believed to harbor possibilities those close to him feel confident that he will await careful investigation pending the receipt of possible details.

GRETCHEN HILLS AND
MARGARET ROW ENTERTAIN

Misses Gretchen Hills and Margaret Row entertained fifty friends last evening at a masquerade party at the J. S. Hills residence on Second street. The boys and girls were dressed in a variety of costumes representing clowns, ghosts, dutch girls, old fashioned girls and many grotesque and original gowns were in evidence. Dancing and games took up the greater part of the evening which was thoroughly enjoyed by all. A Halloween lunch was served.

How A Shot Rises From A 12-Inch Mortar.

This is a remarkable piece of photography actually showing a twelveinch shell leaving a mortar at Fortress Monroe. The first picture shows the shell about out of the mouth of the mortar. The second shows it clear, and the third has caught it in the air beyond the burst of smoke. The camera was operated with the same electric button which set off the shot.

Pretty Home Wedding
On West Side TodayMcCorkle—Rhinesmith Marriage Sol-
emized at Bride's Home

The home of Daniel Rhinesmith, of Nichols street was the scene of a pretty home wedding today when at eleven thirty this morning, Mary Jane Rhinesmith, the eldest daughter of Mr. and Mrs. Daniel Rhinesmith was united in marriage to George McCorkle, son of Mr. and Mrs. Thomas McCorkle in the presence of a number of relatives and intimate friends.

The ceremony was performed by the Rev. Dr. E. C. Reave of the Presbyterian church in the parlour of the home which was attractively decorated with yellow chrysanthemums and ferns.

The bride was attired in a good looking dark blue suit with a becoming black velvet hat.

Following the ceremony a wedding luncheon was served. The couple received many beautiful gifts of linen cut glass, china and silver. They left on the 1:15 P. M. R. R. train for Akron, Ohio, where they have furnished apartments and where the groom is employed.

Mrs. McCorkle is a popular Clearfield girl, living here for a number of years and making many warm friends. Mr. McCorkle has been located in Akron for a few years where he has been making good. Their many friends wish them much success and happiness.

Retailers Say Whole-
salers Raise PricesUnited States Attorney Will Haul
Officers Into Courts

Chicago, Nov. 1.—(By United Press)—Retailers are charging that wholesalers are arbitrarily raising prices using the maximum flour price as the basis of a wholesale price. United States District Attorney Clyne has requested the big Chicago wholesalers to appear at his office and meet the charge against them. So far with few exceptions neither calls nor regrets have been received. Clyne has threatened to subpoena them for reasons of policy but many from absolute conviction, sided with the farmer.

The league stoutly sponsored in its platform, which was adopted in its entirety by a Republican State Central committee at its recent meeting in Des Moines for many charges the worth of which none can deny.

The league plans to control the non-partisan speculative market through the method of a substantial loan to the farmer. It also proposes to control the speculative market through the method of a substantial loan to the farmer. It also proposes to control the speculative market through the method of a substantial loan to the farmer.

FARM RULE FOR
NORTH DAKOTA
FOR 2 YEARSFarmers' Non-Partisan League
Nominated Practically Every
Candidate at Primaries

IMPROVEMENTSEXEMPT OF TAX

Bismarck, N. D., Oct. 31.—Theoretically the farmer will rule North Dakota for the next two years. It was the Farmers Non Partisan League that nominated practically every successful candidate for office at the primaries. The question with the average North Dakota business man, in spite of the fact that many of them are lined up with the non-partisan league, is whether the farmers form the league or the league forms the farmers. The league, which came into existence less than a year ago, carried the primaries with the majorities so overwhelming that there is no question as to the result of the election to be held one week from today.

The league did not enter politics to the extent of offering a ticket. It simply endorsed candidates on the regular tickets, and these candidates without exception, won. A majority of the men who received this endorsement were Republicans but in the final analysis they are and must be non-partisan leaguers, and the league will very nearly, is not completely, control every State office from governor down to the members of the legislature, as well as a majority of the county officers, for the two years following January 1 next.

The Non-Partisan League movement was a popular one in North Dakota where population is very largely rural and always inclined to distrust "big business." The tiller of the soil blamed "big business," for a great many things, and quite a fair percentage of the small town business men and professional men, some for reasons of policy but many from absolute conviction, sided with the farmer.

The league stoutly sponsored in its platform, which was adopted in its entirety by a Republican State Central committee at its recent meeting in Des Moines for many charges the worth of which none can deny. The league plans to control the non-partisan speculative market through the method of a substantial loan to the farmer. It also proposes to control the speculative market through the method of a substantial loan to the farmer.

(Continued on Page Two)

FIRE PUT OUT

New York Nov. 1.—(By United Press)—Vance McCormick, chairman of the Democratic party committee today said: "We will win for the west is fire with Wilson sentiment." Chairman McCormick of the Republican committee when told of this said: "We have put the fire out."

HALLOWEEN DANCE.

A delightful informal masquerade dance was held last evening in St. Francis School Hall by the high school pupils and their friends. About twenty couples danced to the rhythmic strains of the Gulich orchestra.

The costumes were many and varied representing all the goblins which prowl about on Halloween. The hall was beautifully decorated with Autumn leaves, pumpkins, corn stalks and other Halloween decorations.

BARBARA FAST SERIOUSLY
BURNED.

Little Barbara Fast, daughter of Mr. and Mrs. B. M. Fast of Turnpike Ave. accidentally slipped yesterday afternoon and fell over the ceiling stanchion overturning a kettle of boiling water which was heating on a gas stove at the bottom of the steps which burned her severely on the back. It was a very narrow escape from more serious injuries and we are glad to state that she is getting along nicely.

SUPER TOMORROW

Mrs. Boyce and Mrs. Rosset's circle of the Ladies Aid Society will serve the following 25c supper in the Trinity M. E. church tomorrow afternoon from 5 until 7.

Meat Loaf
Baked potatoes Brown Gravy
Cabbage Salad
Bread & Butter Preserves & Jelly
Ice Cream Cake
Coffee

The rabbit season opened today and Clearfield hunters found the little cotton tails quite plenty.

Clearfield badly needs an auto chemical truck in the business district or center of town.

NEW DIMES RECEIVED

The County National Bank today received a consignment of dimes of the new mintage. Of course their purchasing power is no greater than the old coin we have been wont to slip into the dime savings bank but it is beautiful in design and consequently the charm of it may be an incentive to the owner to keep it. One that reached the Progress office is sure to be carefully hoarded away. We are not gifted with the ability to describe the new coin in the language of the artist designer but each one opinion that its work will meet with general approval.

A feature of the new dime is a program of the history of the designer which appears a little to the lower left of the head of the lady. It will be remembered that the designer of the new dime was a general use was for a time intended to have his initials appear on the coin and it was a very common thing along our farmlands. The new dime in the monogram thereon is far to become famous as the little sister the penny.

HUMANE
PULLS DEAD
WILLIAMSUnusual Punishment Suggests
For Man Who Persists
Cruelly to Dumb Brutes

WILL HAVE HEARING TOMORROW

Deacon Williams has again fouted an outraged public and humane Officer T. B. Reilly. At the time Deacon's poor old star horse was put out of his misery Officer Reilly, the Deacon acquired dog. How the poor cur came to be unlucky enough to be possessed by such a master we are not able to state, but for the past two weeks, according to the outraged neighbor Deacon has had him tied to the fence in the back yard, without shelter of any kind and fed him on a batch of two of potato parings in all this time—and even the potato parings were scarce it is said. During the rain of last evening the poor brute suffered severely and howled and carried on at a great rate. The long suffering neighbors notified humane Officer Reilly and after a brief investigation he decided to make an example of Deacon and had a warrant issued for him this morning.

He will be given a hearing before Squire Milligan this evening and a request will be made at that time that he sentence Deacon to take the dog's place for the next two weeks, and thus make the punishment fit the crime.

E. W. HESS IN CONFERENCE
WITH DUBOIS CHAMBER
OF COMMERCE YESTERDAY

Some thought has been taken recently to the clay deposits in DuBois and vicinity, it being realized that this was the remaining natural resource that could possibly mean anything in the way of added industries to the city. Some of the clay deposits have been examined and pronounced first class for manufacturing purposes but no direct move has been made by any of the owners of land on which there is a clay deposit to have the land properly surveyed and all data possible procured. The Chamber of Commerce is interested in seeing the clay properly worked and securing data as to the amount of clay to be found here and the quality. Yesterday afternoon between 1 and 1:30 o'clock a meeting was held in the Chamber of Commerce rooms. E. W. Hess, mining engineer of Clearfield and a man who is familiar with the clay mining, was present to confer with any owner of land on which there are clay deposits.

The purpose of the conference was to determine how much data has been secured and to determine the clay value and for what the clay would be best adapted.

Subscribe for The Progress.

Popular Curwensville
Given in MaMiss Kathryn Dyer Weds Alfred W
In the Presence of Few

A wedding of interest to many Clearfield people took place this morning at Curwensville at eleven thirty when Miss Kathryn Hepburn Dyer second daughter of Mr. and Mrs. Frederick John Dyer became the bride of Alfred Way Evans of Chicago. The ceremony was performed in the presence of a few relatives and friends by the Rev. J. Max Lantz, of the Methodist Episcopal church of Curwensville in front of a large bank of ferns, palms and chrysanthemums in the reception room of the beautiful Dyer residence.

The bride was dressed in a beautiful gown of white satin and wore a veil of white tulle and a crown of white flowers. She carried a bouquet of white lilies. Miss Kathryn Dyer, sister of the bride, attended her. The groom was dressed in a tuxedo and wore a white shirt and a white bow tie. The wedding was a simple one and was attended by a few friends and relatives. The bride and groom left for Chicago immediately after the ceremony.

CURWENSVILLE NEWS

The Paul Dale public sale was fairly well attended yesterday afternoon. Nearly everything was disposed of leaving him a revenue of between \$600 and \$700.

Messrs. Russell, Caldwell, Norris, Davidson and Bailey were out to Jefferson county yesterday looking over some coal and timber lands in which were interested.

Curwensville H S football team will play, on the home grounds, Saturday, Nov. 4, a team made up from the apprentice Schive, Wilmington, Delaware.

Councilman Strickland is of the opinion that at borough councils next session, Nov. 6th, a resolution will be introduced and passed for the purchase of some 300 feet of hose, the same being badly needed by the firemen in case of a fire.

The Hon. Charles Rowland, candidate for congress on the Republican ticket, passed through town yesterday. He did not stop to interview any of Curwensville's political scouts, as to how he stood in the estimation of the rank and file of the voters.

The Baptist people made everybody feel at home last evening at their Hallowe'en social. Despite the weather conditions a good crowd was there, and left enough money as a creditable fund for those who worked so hard to please and entertain them.

Lena Rebecca lodge held an interesting session in Odd Fellows' hall Monday evening. After business transactions were finished, a fine luncheon was served to the members and to those who had been invited to participate in the latter demonstration.

The Progress man was given a hint yesterday that the enthusiastic Democrats would, some evening before election time, hold a meeting in the Second ward, and expound Bryan doctrine to all who might want to learn how to run the government successfully.

An oyster shell that lodged in his throat two weeks ago when he was eating raw oysters caused the death of W. H. Carras, a well known resident of Helvetia, at the Adrian hospital yesterday morning. The shell, about the size of a silver dollar lodged in the esophagus, fettered there and to fatal hemorrhages that resulted in his death.

Many night some damage was done and around the High School building. Several windows were broken and the rope on the flag pole was a result of a scrimmage between the school classes it is said. The participants are known and will be sent to step to the front and liquidate sufficient funds to put things back proper shape once again.

According to the election proclamation published last week the Second ward voters are supposed to vote at the home of one R. A. Richards. It was the mistake of the printer, but the person or persons who made the copy. Second warders will be in the Second ward public building in Susquehanna avenue, the same they have been doing since since the building was put on the ground for that purpose.

The meeting of the Civic club, which was to have been held last evening, was postponed, for several reasons, the principal one being that it was Hallowe'en and the members and others who wanted to be present, wanted to witness the big parade, and another reason was, that the extreme noise made on the streets by the jollifiers, would have annoyed those who were to speak on the principal questions that were to be brought up.

Important Announcement Made to Smokers

High Quality of San Felipe Cigar Maintained. Now Sell at 5c straight

Owing to the greatly increased cost of quality tobaccos in fact everything pertaining to high grade cigars, the makers of the San Felipe cigar, the Deisel-Wemmer Company have advanced the selling price to the dealers, and henceforth will positively be sold to the consumer at 5c straight instead of a quarter as previously. The SAN FELICE is national in its scope and character, having justly attained this eminence through its unequalled excellence. To maintain this unequalled standard of quality, the advance in question is absolutely unavoidable. The generous support of all men using quality cigars is an irrefragable assurance of the general approval.

Despite that the elements proved unfavorable there was a parade and a good one for the limited time in which to prepare for it. Just how the human mind could concentrate itself in figuring out some of the costumes worn was remarkable, representing nearly everything from the face of a bull dog to an angel. Spooks seemed to be the predominate figure for the females. An hour before the time to start the parade, the streets were thronged with masqueraders of all ages and colors. When the band arrived the movement started up Main street, and after traversing several squares broke and went in different ways. This was the first Hallowe'en parade ever held in Curwensville, and now since the idea has taken root in the minds of the younger element, one can be expected to take place at least once a year. Had not rain fallen a short time previous to the hour of starting the parade would have been much larger and thrice enthusiastic. It was a good one all right.

EAT LESS MEAT IF BACK HURTS

Take a glass of salts to flush Kidneys if bladder bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates thus ending bladder disorders.

REUNION OF MISSISSIPPI VETERANS

Columbus, Miss., Nov. 1.—The "men who wore the gray," hundreds of them recruited from every section of the State, rounded up in this city today for the annual reunion of the Mississippi division of the United Confederate Veterans. With the old soldiers came their wives, daughters, sons and friends, making the gathering one of the largest ever entertained here. In honor of the visitors the entire city is aglow with flags and bunting. The first of the three days session was held this afternoon with the department commander Gen. Calvin B. Vpase, presiding. Governor Bilbo, former Senator Frank H. White of Alabama and other notable speakers are on the program. Tomorrow the visitors are to be entertained at a mammoth barbecue and on Friday the reunion will be brought to a close with a parade and pageant.

BOG SHIP MERGER IN EFFECT.

Seattle, Wash., Nov. 1.—More than a score of the largest passenger and freight steamers engaged in the Pacific coastwise trade, having a total value of more than \$12,000,000 come under the flag of the new Pacific Steamship company which began business today. The new company was formed by the merger of the Pacific Coast Steamship Company, owned in New York, and the Pacific Alaska Navigation Company, with headquarters in Tacoma. The new company will be virtually supreme in the Pacific coastwise trade, its service extending from San Diego, Cal. to as far north as Nome Alaska.

STANDARD BASKET LAW

Washington, Nov. 1.—The so called standard basket law enacted by the Congress goes into effect today providing for a uniform standard size for all baskets and containers used for small fruits, berries and vegetables in interstate commerce. The effect of the act will be to require the use of the standards in manufacturing sale or shipment; for all interstate commerce where the containers are filled or unfilled. A large part of the traffic in fruits and vegetables in this country enters interstate commerce. The law relates to the containers and will not effect local regulations in regard to heaped measure or other method of filling.

OBITUARY

Thomas M. McKelvey was born in Perry county, Pa., and lived there until he was 17 years old when he voluntarily joined Co. A, 76th Pa. Vol. Infantry and served his country until the close of the war. He then came to this section where lumbering was at its height and followed the business for a number of years.

He married Joanna Flegal, daughter of the late Samuel and Sarah Flegal of near Morrisdale and settled on a small farm in Bradford township where he followed woods work and trucking. Last June Mrs. McKelvey passed away and the home was broken up and he came to Clearfield to live with his children. He had been in good health until one week ago and was not considered serious until Sunday when he was stricken with pain in his head which brought on unconsciousness and from which he never rallied. Death came at 11:20 Monday night.

The relatives and friends are severely shocked as Mr. McKelvey was a man of strong constitution and very wiry for his age. He was 70 years of age September 23-16.

He had very little book learning in his younger days but acquired a general education and became a fine penman through study and practice in later years. He was a great reader and took much interest in affairs of government.

He is survived by one brother, William McKelvey of Perry county and one sister Mrs. Brown of Walla Walla, Washington. Also the following children of Clearfield: Ralph H., Scott W., Grant M., Mrs. Wallace Kester and Mrs. Jesse Toot.

Funeral will be held from the home of Jesse Toot on West Front street Thursday at 11 o'clock. Interment in Summit Hill cemetery. Friends will leave the house at 1:30 in autos. Rev. J. W. Long, officiating.

IN MEMORY OF LUCY LARIMER

"And what does it matter when this life is passed
And the record is made for evil or good
What does it matter when death's shadow is cast
If someone can say she hath done what she could"

And I can say, as one of her many friends—"She hath done what she could" and when the shadow came she was ready to go at the Master's call. Raised from childhood here she had many warm friends. She was always cheerful and ready to help, generous to the heart's core and hers was the joy of giving. Her coffers here were empty, but they will be filled to overflowing in that beautiful land to which she has gone to rest from the toils and troubles of this life forever and God shall wipe away all tears from her eyes.
A. Friend.

TO OPEN BIDS FOR SCOUT CRUISERS AND SUBMARINES

Washington, Nov. 1.—(By United Press)—The Navy department today will open bids for four scout cruisers and 30 coast defense submarines.

The scout cruisers, to be known for the present as Nos. 4 to 7 inclusive, will be the largest and fastest vessels of their class built for any navy. Their chief characteristics will be: displacement, 7,100 tons; speed, 35 knots; length 550 feet; beam, 55 feet; armament, eight 6-inch guns, 4 torpedo tubes and two 33-inch anti-aircraft guns; complement, 330. Their high powered machinery will be protected by light vertical and horizontal armor. A new feature of these vessels, never incorporated in any ship of a powerful military type, will be their complete equipment for carrying, launching of the largest size hydro-aeroplanes.

Twenty-seven of the coast submarines will be of the usual type. They will be known for the present as Nos. 78 to 104 inclusive. The remaining three, Nos. 105 to 107, will be of a new type, representing a marked increase in size over the usual coast submarine. Each of these three vessels will represent different ideas. It is hoped in their development to arrive at a size of vessel which will be sufficiently large to perform nearly all the duties required of a submarine, but at the same time sufficiently small to be built quickly in large numbers.

Those firms which applied to bid for the scout cruisers are Bath Iron Works, Fore River Shipbuilding Co., New York Shipbuilding Co., Wm. Cramp & Sons Ship & Engine Building Co., Bethlehem Steel Co., Newport News Shipbuilding and Dry Dock Co., Union Iron Works Co. and Seattle Construction & Dry Dock Co. For the submarines the firms which applied to bid are Electric Boat Co., Lake Torpedo Boat Co., New York Shipbuilding Co., Newport News Shipbuilding Co.

Mrs. Joe Baughman of DuBois is the guest of Mrs. Mary Hoove of Daisy street.

They offer you the charm of Virginia's sunshine

The golden tobacco leaf, that ripens 'neath the bright, sunny skies of Virginia is held by experts to be the finest-quality cigarette tobacco on earth.

FAMOUS MIDGET IS 75 YEARS OLD

Middleboro, Mass., Oct. 31.—Countess Magri, better known by her former name of Mrs. General Tom Thumb, today celebrated her seventy-fifth birthday at her home near here. Hundreds of friends and admirers throughout the country remembered the anniversary by sending messages of greeting to the famous midget.

Countess Magri was born close by the spot where her present home stands. She was Levina Warren, eighth in descent from Richard Warren of the Mayflower "singers" and was born a midget. So was her sister, the celebrated Minnie Warren, but three brothers were of the usual stature.

Countess Magri has been in "public life" which is to say show-life, ever since she was a mere child. She married General Tom Thumb a tiny, early age and together they traveled over the world. For many years they were under the management of P. T. Barnum, and were among the best known attractions of that veteran showman.

"Goffe Acres" Farm

is ready to take orders for Thanksgiving delivery of a limited number of choice turkeys, fine young pigs, and a variety of very choice home-bred apples. A male of evaporated apple jelly and thickened with cream at Catawba and Russet apples, and speed. Order by letter.

Gossip for Tonight's Tea Table

Miss Mary Considine and Miss Boyle of DuBois were the guests of Miss Helen Whiteman last evening and attended the dance at St. Francis School Hall.

Miss Lucy Brooks of West sixth Avenue entertained twenty-six of her little school friends at a Halloween party last evening. Their little costumes were grotesque fancy and very original. Music and games took up the time pleasantly for all. After a Halloween lunch the little folks departed for their homes wishing their little hostess another jolly Halloween.

Miss Kathryn Dimeling who is attending the Baldwin School at Bryn Mawr arrived home last evening to attend the funeral of her aunt Mrs. Wharton.

Miss Helena Black left this morning for Ebensburg.

H. C. McCloud attended to business at Philipsburg yesterday.

Mrs. C. C. McGaughey and Miss Beulah McCordle have returned from an auto trip to Pittsburgh.

A. M. Wright left last evening for York to visit his daughter Margaret, who is physical director of the Y. W. C. A. in that city.

Mrs. Edgar Kloss and daughter Major of Cleveland, Ohio, arrived this evening to spend a few days with Mrs. Kloss' sister, Mrs. Albert Wright of Second Street.

Harold Hopwood of Uniontown transacted business in Clearfield yesterday.

W. E. Wallace left last evening for a business trip to Philadelphia.

Mrs. J. B. Nevling returned last evening from a visit with her daughter in Jamaica, L. I.

Ray Winslow of New York City was a Clearfield visitor between trains last evening.

A. M. Liveright left last evening for a business trip to Philadelphia.

Mrs. H. B. Douglas spent yesterday in Philipsburg.

In talking with one of our townsmen about the famous "Pete Brown" Resort on the "Knobs" he said that already 543 guests have registered and judging from the reports of the excellence of the chicken dinners and suppers served there will be about 250 more added to the list.

Mr. and Mrs. J. B. Norris and Mr. and Mrs. John Norris of Curwensville motored to Clearfield yesterday and visited relatives.

David Henderson of Indiana, was calling on customers in Clearfield today.

Mrs. James Knight returned last evening from a visit with relatives in Pittsburgh and Brackenridge.

A. G. Leonardson of DuBois, motored to Clearfield today to attend to business.

Miss Dora Frost was able to be brought home from the hospital yesterday.

Miss Ella Bloom of Curwensville was a Clearfield visitor today.

Mrs. Charles M. Erhart and Miss Josephine Biddle of New Millport were shopping in Clearfield today.

Sam Snyder and daughter Laura of New Millport visited in Clearfield today.

R. W. McClure of Odessa was in town on business today.

Bruce Caldwell of Glen Richey, attended to business in Clearfield today.

R. W. McClure of Odessa was in town on business today.

Bruce Caldwell of Glen Richey attended to business in Clearfield yesterday.

Florence Morgan left for Pittsburgh last evening being called here on account of the illness of his wife.

Mrs. J. K. Murray, of LeContes Mills is shopping and visiting in town.

Joe Beauseigneur of LeContes Mills was transacting business in Clearfield today.

Mrs. Earl Bradford and Mr. and Mrs. Hardyshell of Odessa, were shopping in town today.

Mr. and Mrs. Ira Smeal and son Roy and Mrs. Frank Smeal motored to Franklinville yesterday where Mr. Smeal and son Ray will hunt.

Mr. Kester of Jersey Shore attended the dance at the St. Francis school last evening.

Mr. and Mrs. Thomas Lowell of Penfield attended the Fraternity club dinner and party last evening.

George Fox and E. A. Stiles of Janesville were business visitors to Clearfield today.

Mrs. Kyler Murray and son Boyd and Mr. and Mrs. James Leonard of LeContes Mills were among the out of town guests at the Fraternity club dinner last evening.

Mr. and Mrs. H. B. Hartwick left today for a trip to Pittsburgh.

Mr. and Mrs. Andrew Monteith of Bald Hill attended the Fraternity club dinner last evening.

Miss Marjorie Cole left Monday morning for Toledo Ohio, to visit her sister, Mrs. G. F. Vosburg.

Joe Burnovsky of Ramey was a Clearfield visitor today.

OUCH! BACKACHE! RUB LUMFAGO OR PAIN FROM BACK

Rub Stiffness Away With Small
Trial bottle of old, penetrating
St. Jacob's Oil.

Ah! Pain is gone.

Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a bottle rubbing with "St. Jacob's Oil".

Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacob's Oil" is a harmless backache, lumbago and sciatica cure which never disappoints and doesn't burn the skin.

Straighten up! Quit complaining! Stop those torturous stitches. In a moment you will forget that you ever had a weak back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" from your druggist now and get this lasting relief.

"FAIR AND WARMER"

Every Hopwood master of farce, ran his own record up with "Fair and Warmer," the bubbling, hilarious farce which Selwyn & Company will present at the Opera House on Friday evening.

Mr Hopwood's admirers, dating from "Seven Days" and "Nobody's Widow," two great successes of former seasons, found in his latest work the same sparkle of line and cleverness of characterization which had graced the others, with an added ludicrousness of situation. The scene built around the inept making of a cocktail puts its audiences practically into hysterics.

The long New York run of the piece, with its thousands of out-of-town visitors, spread the fame of "Fair and Warmer" all over the country and created a vigorous demand for it. This most uproarious of farces had its welcome waiting for it in every city, town and village of the whole country, before it ever left New York.

WANTED! 90,000 TRAINED MEN.

The manufacturers of this country are daily making inquiries for men who are competent to fulfill the duties of the office of Traffic Manager. It is not a new profession but the keenness of present day competition among industrial producers is so great that every possible saving must be made.

Traffic Management

This is a new course of instruction that has just been prepared for the I. C. S. by the country's most foremost experts on the subject.

If you are not earning enough to meet your needs; if your present position is not congenial; if you have ambition to advance yourself let me explain, in detail the advantages of this new vocation to our list of "Wage Raisers."

K. OF C. EUCHRE

The Knights of Columbus gave a very delightful informal euchre last evening at their rooms. Ten tables were utilized in the game and the evening was one of those social affairs where everyone has a good time and are glad that they were there.

The prizes were won by Mr. and Mrs. Richard Sheeha. An excellent lunch was served.

How to Select Your Corset

DECIDE first that your figure is individual—that you need a corset *designed for you*. Then look at the 9 Ideal Figure Types and choose yours.

Next, come to us and let us show you the many Gossards we have in stock in your size, designed for *your ideal figure type*.

Then your selection is reduced to the amount you want to pay, from \$25.00 down to \$2.50.

This is the
Thirty-first Announcement and
Proclamation of Gossard Corset
Styles for Fall and Winter, 1916-17

In addition to comfort, wearing service and great value, you obtain authentic style in Gossards. Gossards wear longer because of their materials. They are in style longer because of the advanced style information of their designers, which is reflected in the corsets.

Selecting your Gossard here insures intelligent service. Be fitted today. A model for every figure at a price any woman can well afford. An expert corrects, will be pleased to fit you without obligation.

A. W. Leonardson Co.

GOSSARD CORSET

ELECTION DAY IN CUBA

Havana, Nov. 1.—The results of the general election in Cuba today promise to be most interesting, and while the present Conservative Government is expected to be sustained it is more than probable that a good many surprises are in store. The Conservative party has the advantage that comes of being in power, while the Liberal opposition has waged the campaign under the disadvantage of split ranks and the further serious handicap of being without funds.

A multitude of public officials are to be chosen, ranging from president and vice president of the republic down to minor local officers. Ten parties have their candidates on the ballot, which is 36 inches long and 32 inches wide. Generals Menocal and Nunez are standing for re-election as president and vice president, respectively, on the Conservative ticket, with the indorsement of several of the minor parties. The candidates opposed to them are Dr. Alfredo Zaays for president and Colonel Carlos Mendieta for vice president, nominated jointly by the Liberals and Conjunction Patriótica. At the present time partly as a result of the European war and in part as a result of the measures fostered by the administration, Cuba is in the enjoyment of an era of almost unprecedented prosperity. As a consequence it is regarded as a practical certainty that President Menocal and the majority of the candidates on the Conservative ticket will be re-elected by substantial majorities.

WILLASK REVISION OF STATE DRUG LAWS

Philadelphia, Oct. 30.—When the next legislature assembles at Harrisburg one of the most important questions to be brought before them for remedy will be the narcotic drug acts. More stringent laws will be asked following a general investigation in this and other large Pennsylvania cities which revealed wholesale violations and a startling increase in the number of victims.

The United Press learned today that, among other acts, the Legislature will be asked to pass bills covering these details:

Five years prison sentence and \$2,000 fine, or both, for persons convicted for illicit sales of narcotic drugs.

Immediate construction of the Pennsylvania Institute for Inmates of the State for which has already been selected. That this institution have provision for care and treatment of

THORN BROS.

ON THE SCREEN

FROM PRAIRIES TO BROADWAY

Seven men hurriedly assembled in a western hamlet in the wildest section of the cattle country. One of these men were bound for New York to prove up on his claim for a fortune, while the other six were carrying their saddles and complete cattle outfit into the wilds of New York society.

This is the basis for the dominant comedy element which will make it so attractive to film fans when the Bluebird Photoplay is presented at the Opera House on Saturday evening with Harry D. Carey and Olive Fuller Golden leading a company of typical western characters. The woman comes into the case after the cut-throat settle down in New York. She is one of the operatives of the plot to disgust the newly-rich cowboy with New York life and send him back to the prairies. In the event of this accomplishment the villain of the piece will come into money.

William Quinn plays the role of the man who would win the fortune from his cousin and his pose as the villain is by no means along conventional lines. He is a new type of plotter and this character is another one of the original ideas involved in "Love's Lariat." The fact that there enters an engaging love story, after the comedy section of the feature has been disposed of, will appeal to that large following of film fans who like happy endings to their plays; and before the story is ended there will be sensations enough to gratify the most exacting stickler of excitement.

"Love's Lariat" is one of the few screen dramas that appeals to every human emotion, logically and without forced situations. The feature is another piece of evidence submitted by the Bluebird Photoplays in proof that the play itself is that which is most desired by the followers of films.

7,000 NEBRASKA MINERS GO ON A STRIKE

Omaha, Nov. 1.—(By United Press)—Seven thousand coal miners went out general strike this morning following failure of employers to agree to a new wage scale proposed for employees. Everything was very quiet although union officials feared violence. 17 independent companies signed the schedule and continue running.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—
Most Women Can Have

Says Dr. Edwards, a Well-Known
Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists
